

Magento 2 Export Custom Product Attribute

Installation and User Guide for Magento 2 Export Custom Product Attribute Extension

Table of Contents

1. [Installation](#)
 - *Installation via app/code*
 - *Installation via Composer*
2. [Configuration Settings for Export Custom Product Attribute](#)
 - *General Settings*
3. [Exporting Custom Product Attributes](#)

Installation

- **Installation via app/code:** Upload the content of the module to your root folder. This will not overwrite the existing Magento folder or files, only the new contents will be added. After the successful upload of the package, run below commands on Magento 2 root directory.

```
php bin/magento setup:upgrade  
php bin/magento setup:di:compile  
php bin/magento setup:static-content:deploy
```

- **Installation via Composer:** Please follow the guide provided in the below link to complete the installation via composer.

Configuration Settings for Export Custom Product Attribute

Go to **Admin > Stores > Configuration > Scommerce Configuration > Export Product Attribute**

General Settings

- **Enabled** - Select "Yes" or "No" to enable or disable the module.
- **License Key** - Please add the license for the extension which is provided in the order confirmation email. Please note license keys are site URL specific. If you require license keys for dev/staging sites then please email us at support@sccommerce-mage.com.
- **Allowed Attributes** - Select the product attributes that you want to list in separate columns while exporting the catalog products.

General

Enabled
[store view]

Yes Use system value

This setting will be used to enable or disable module

License Key
[store view]

\$2y\$10\$ZeXLuAztYMfiFINLHNhv7e048fgBxQxj9SAAtU2gulSrQyQVnMINnq

This setting will be used to verify your license key for the give domain
N.B. License keys are domain specific so for your testing or staging sites please email us at core@sccommerce-mage.com

Allowed Attributes
[store view]

Eco Collection (eco_collection)
Performance Fabric (performance_fabric)
Erin Recommends (erin_recommends)
New (new)
Sale (sale)
Format (format)
Style Bottom (style_bottom)
Style General (style_general)
Sleeve (sleeve)
Collar (collar)

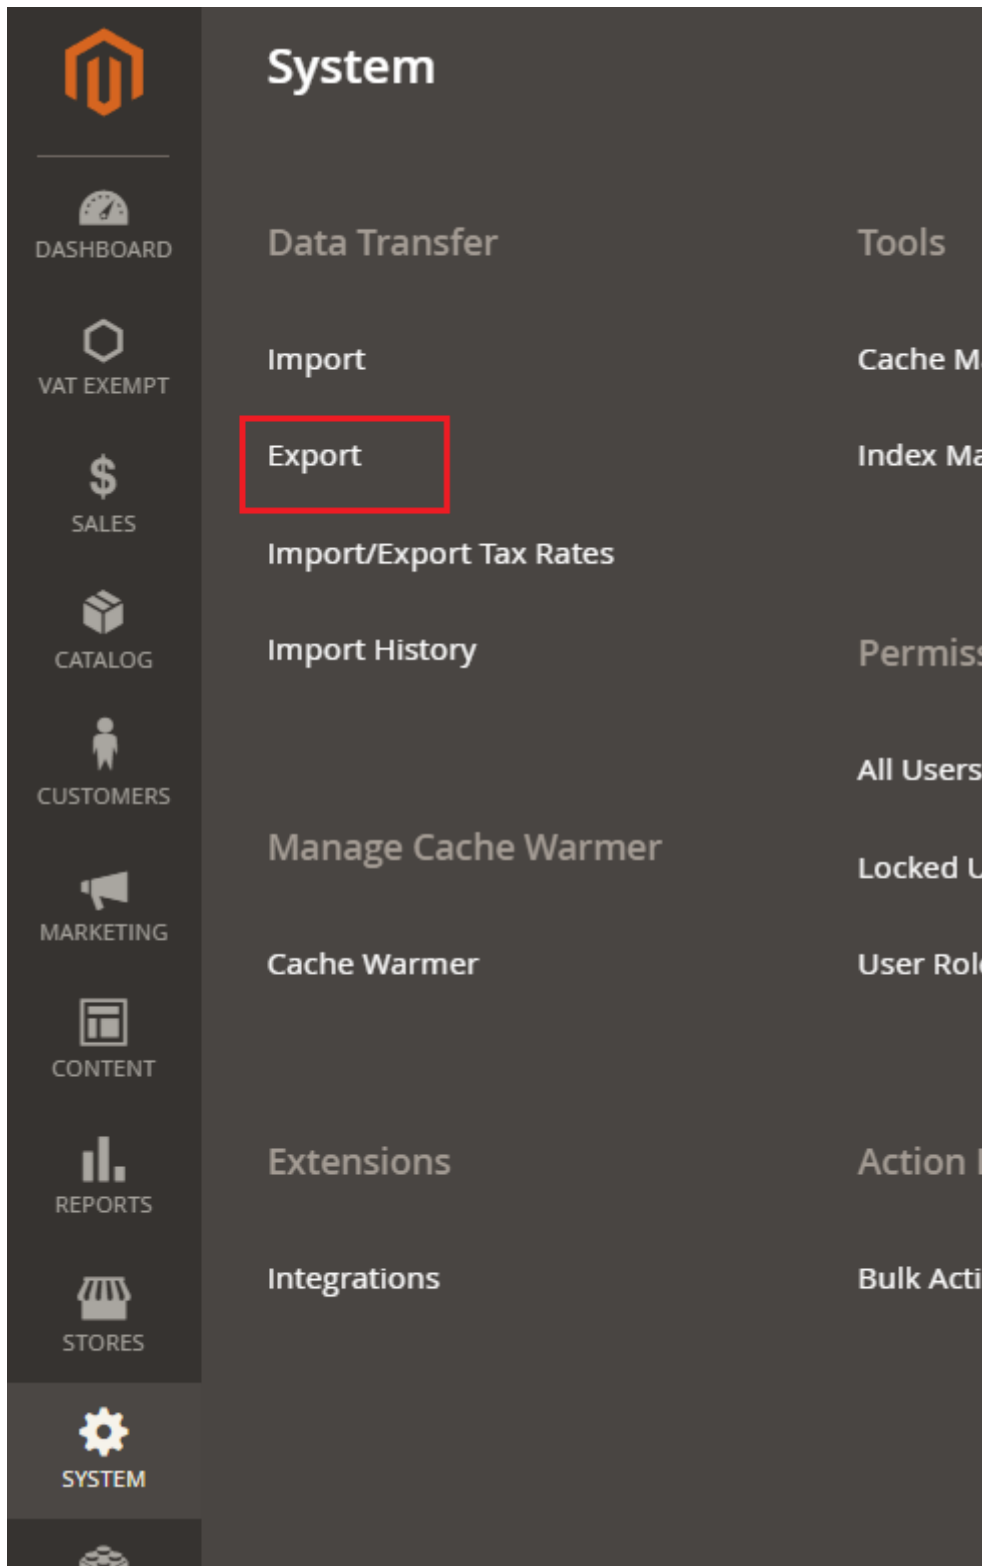

Please select attributes which you want to have separate columns while exporting catalog products.

Exporting Custom Product Attributes

Make sure the custom attributes that you want to import are selected under **Admin>Stores>Configuration>Scommerce Configuration>Export Custom**

Attributes>Allowed Attributes. Please follow the steps below to do the export.

Step 1:- Go to Admin>System>Export

Step 2:- Select product from the 'Entity Type' dropdown list and select the attributes that you want to exclude from the export.

Export

Export Settings

Entity Type: Products

Export File Format: Products

Fields Enclosure: Stock Sources

Entity Attributes

Search [Reset Filter](#) 122 records found

Exclude	Attribute Label	Attribute Code	Filter
<input type="checkbox"/>	Activity	activity	Hike Outdoor Running Warmup Yoga
<input type="checkbox"/>	Category Gear	category_gear	Cardio Electronic Exercise Fashion Hydration
<input type="checkbox"/>	Categories	category_ids	
<input type="checkbox"/>			All-Weather Cold

Step 3:- Click on continue and when the cron runs the export will be generated and added in the list below

<input type="checkbox"/>	Weight	weight	From: <input type="text"/>	To: <input type="text"/>
<input type="checkbox"/>	Dynamic Weight	weight_type	From: <input type="text"/>	To: <input type="text"/>

[Continue](#) 6 records found 20 per page 1 of 1

File name	Action
catalog_product_20230321_165855.csv	Select
catalog_product_20230321_150803.csv	Select
catalog_product_20230321_144032.csv	Select
catalog_product_20230321_143240.csv	Select
catalog_product_20230321_143555.csv	Select
catalog_product_20230321_143432.csv	Select

Step 4:- Finally, download the export file from the select dropdown.

File name	Action
catalog_product_20230321_165855.csv	Select
catalog_product_20230321_150803.csv	Download
catalog_product_20230321_144032.csv	Delete
catalog_product_20230321_143240.csv	Select
catalog_product_20230321_143555.csv	Select
catalog_product_20230321_143432.csv	Select

Step 5:- You can see in the export file that our custom attributes new and sale are present in separate columns.
