

Product Review Administrator Notification Email

Installation and User Guide for Magento 1 Product Review Administrator Notification Email

Table of Contents

1. Installation
 - Disable Compilation Mode
 - Upload Package
 - Clear Caches
2. Configuration Settings for Product Review Notification
 - General Settings
 - Email Template
 - Customer Review

Installation

- **Disable Compilation Mode:** To check that this is disabled, go to **System >Tools>Compilation**. If the compiler status is 'Disabled', you are ready to go. If not, simply click the 'Disable' button on the right hand side of the screen.
- **Upload Package:** Upload the content of the module to your root folder. This will not overwrite the existing Magento folder or files, only the new contents will be added.
- **Clear Caches:** This can be done from the admin console by navigating to the cache management page (**System > Cache Management**), selecting all caches, clicking 'refresh' from the drop-down menu, and submitting the change.

Configuration Settings for Product Review Notification

Go to **Admin > Stores > Configuration > Scommerce Configuration > Product Review Notification**

General Settings

- **Enabled** - Select “Yes” or “No” to enable or disable the module.
- **License Key** - Please add the license for the extension which is provided in the order confirmation email. Please note license keys are site URL specific. If you require license keys for dev/staging sites then please email us at support@scommerce-mage.com.
- **Recipients** - Comma separated list of recipients for the notification email.
- **Email Sender** - From email address for the notification email.
- **Email Template** - Notification Email Template.
- **Log Process** - If set to yes then will log the information about Notification Emails Sent in var/log folder.

The screenshot displays the 'General' configuration section for the Product Review Notification module. It includes the following fields and their values:

Field	Value	Annotation
Enable	Yes	Select "Yes" to enable the module
License Key	\$1\$IP0dyBhu\$6iyFgZpi8kUSQ4luTPZ.I0	Enter the License key for the module

You have just received a following customer review for **Nokia 2610 Phone (SKU: n2610)**.

Please log in to admin panel to approve the product review to show the review on the website.

Customer Nick Name : Scommerce

Review Title : Great phone!!!!!!

Review Detail : I only needed a basic phone - no MP3, camera, or FM radio. This phone delivered with great reception, good sound quality, great battery life, and a very small size. Inside a building it works great. Why the low score? The tinted plastic over the display makes it impossible to see the display outdoors and in the car. If the sun is out, forget it! I even managed to figure out how to remove all of the wallpaper backgrounds and to maximize the contrast. Still, don't plan to use this outdoors. Nokia should recall this product to replace the tinted cover. Update: Yesterday this phone took was accidently dropped onto a very hard ceramic tile floor and it still works perfectly! A similar drop ended the life of mv digital camera a few months aao. So. if I were to rate this cell phone now I would aive it 3 stars.

If you have a question related to this extension please check out our **FAQ Section** first. If you can't find the answer you are looking for then please contact support@scommerce-mage.com.
