

Perfect Audience Tracking

Perfect Audience - Installation/Set-up Guide

1. **Disable Compilation Mode:** To check that this is disabled, go to **System->Tools->Compilation**. If the compiler status is 'Disabled', you are ready to go. If not, simply click the 'Disable' button on the right hand side of the screen.
2. **Upload Package:** Upload the content of the module to your root folder. This will not overwrite the existing Magento folder or files, only the new contents will be added.
3. **Clear Caches:** This can be done from the admin console by navigating to the cache management page (System->Cache Management), selecting all caches, clicking 'refresh' from the drop-down menu, and submitting the change. Logout and login back in Admin.
4. **Configuration settings for Perfect Audience:** Go to **Admin->System->Configuration->Scommerce Configuration->Perfect Audience->General**
 1. **Enable:** Set yes to enable the module.
 2. **License Key:** Enter the License key provided by Scommerce Mage.
 3. **Tracking Tag ID:** Enter tag Id only without .js.

If you have a question related to this extension please check out our [FAQ Section](#) first. If you can't find the answer you are looking for then please contact support@scommerce-mage.com.
